

VIÑA CANOTA

This wine is the result of experimentation with older, original, non-alluvial geological areas. In Canota Valley, between 3400 and 4000 feet above sea level, the vineyard is irrigated with spring water. It is 100% Malbec, with fruity and exotic notes that stand out, making it different from most wines found in traditional grape producing areas from Mendoza.

Place of origin: Canota Valley, in the Pre-Cordillera foothills, Las Heras, Mendoza.

Current vintages: 2017 and 2018.
